 To: Prospective Bidders
 Subject: **Addendum #1 to ITB #2020-100, Water & Wastewater Repair Services**

ADDENDUM #1

The purpose of this addendum is to provide clarification to questions submitted by prospective bidders.

1. **Question:** Some of the equipment in Group B is to include operators however there is not a second rate on the equipment items to cover the overtime/afterhours rate of the operator. Can you separate the operators/drivers and include them in Group A? Otherwise we would have to bid the equipment with overtime operator rate to ensure we cover our costs.
Answer: Rates proposed are the final rates. Overtime will be based on routine rate at time and a half on an as needed basis prior to approval.

2. **Questions:** Bid items 26 and 27, you are asking for only the material cost of asphalt per square foot. Since the material cost will be based on volume, can you provide the thickness?
Answer: See revised price proposal form attached.

3. **Question:** What is the project estimate? If there is not an estimate, is there a per project limit or an annual budget?
Answer: We do not have any project estimates. If it happens to be an emergency or unplanned project, it will vary depending on the situation and availability of funds.

All other terms and conditions of this ITB remain unchanged.

This Addendum shall be considered an integral part of the ITB and this Addendum must be acknowledged, signed and returned with your submittal **by 2:30 p.m. on October 23, 2019**. Failure to comply will result in disqualification of your bid.
