****Attach an 8½" x 11" map of the proposed location of fire hydrant or jumper assembly.****

Terms of Agreement: As a representative of _____, the undersigned acknowledges:

1. Responsible for leaving the construction meter assembly in the assigned location and for displaying the permit tag.
2. Responsible for any and all damage to private property that may result from utilizing the backflow assembly.
3. Responsible for any property damage, including, but not limited to, the City of Stuart meter and backflow assembly and/or City of Stuart water distribution system, due to negligent use of the backflow assembly, theft, or vandalism.
4. In the event of loss, theft, or vandalism, the refundable deposit is forfeited.
5. Responsible to pay for all related metered water consumption.

Permit Time Extensions: The permittee is responsible for monitoring their permit's expiration date. A permittee may request time extensions in 180-day increments. A permit extension fee applies.

Meter Relocation: The permittee may request the relocation of a specific permitted temporary meter if it is to be relocated to another location within the boundaries of the development for which is originally proved service. A relocation fee applies.
