## Calling all Environmental Educators and Champions, Be a Water Fest Booth Exhibitor!

*The 8th annual water and environmental festival is designed to educate the public on the value of water and the importance of protecting our water resources, water conservation, and the environment.*

- ◆ Municipal & county utilities, state and local regulatory agencies, community and non-profit groups, advocacy organizations, and school groups provide interactive lessons and activities, demonstrations, and contests. Attendees of all ages will have “fun while learning” at this outdoor expo.
- ◆ There is **no charge** for exhibitors, however space is limited. A tent, table and 2 chairs will be furnished for each booth. Exhibitors need only to bring booth supplies and handouts.
- ◆ To participate, complete one of the registration forms (online or paper) by March 4, 2022. See [Links](#) below for the Google Online Registration **OR** Download PDF Paper Registration Form:
